Createspace Independent Publishing Platform, 2017. Paperback. Condition: New. Large Print. Language: English . Brand New Book ***** Print on Demand *****. This books provide good marketing strategies for first year science business administration students to study. I write this book which concerns sample of large companies case studies. I shall apply marketing theoretical bases which are often borrowed from the disciplines of economics and psychology to give opinions to solve these large companies problems. Practical application of theory is provided through case studies. This book tries not to present prescriptive solutions to marketing problems, but encourages discussion about causes and effects. This book is arranged in four thematic discussion. The first discussion begins by identifying the fundamental building blocks of marketing. The second thematic discussion focuses on consumers, and on understanding the complex factors that lead to buying decisions. The third thematic discussion focuses on how these sample companies use knowledge about consumers and the broader marketing environment to develop a competitive advantage. The final thematic discussion seeks to integrate the previous chapters and provides an overview of the marketing management process in the context of an increasingly globalized marketing environment. I shall indicate these sample large companies, such as Body Shop, Ryanair airline, Walt Mark food supermarket, Nestle, England NHS public hospital etc. which had encountered what problems had cause difficulties to compete to their competitors as well as I shall recommend what solutions are the best to let them to solve these problems. Thus, these problems were the fact that these sample large companies had encountered. You can learn some marketing strategies to solve your business problems after you studies this book. The most importance, you can learn how to apply marketing strategies to analyze to solve your further problems to threaten your business. Besides, you can learn...
