(Laurence Littel)

WHERE WE FOUND A WHALE: A HISTORY OF LAKE CLARK NATIONAL PARK AND RESERVE (CLASSIC REPRINT) (PAPERBACK)

Forgotten Books, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from Where We Found a Whale: A History of Lake Clark National Park and Reserve The history in these pages combines oral history with Western science, especially with archaeology. People think of archaeologists as romantic, swashbuckling figures in search of buried treasure and lost civilizations. In truth, few archaeologists are swashbucklers. They wouldn't last long in a science that demands rigorous excavation methods and a concern for conserving the past for the future. Today's archaeologists are team players who work with Native American communities and with scientists from all manner of disciplines, from botany and climatology to zoology and heritage management. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
