## Roll-to-Roll Vacuum Deposition of Barrier Coatings (Hardback)

By Captain Charles Bishop

John Wiley and Sons Ltd, United Kingdom, 2010. Hardback. Book Condition: New. 234 x 185 mm. Language: English . Brand New Book. A practical, working guide to producing high quality barrier coatings Roll-to-Roll Vacuum Deposition of Barrier Coatings is a practical guide, providing the reader with basic information to help them understand what is necessary in order to produce a good barrier coated web or to improve the quality of an existing barrier product. Keeping mathematics to a minimum, the terminology and science is introduced, and includes descriptions about barrier testing methods and the vacuum deposition process. The book looks at the whole process from the source materials through to the post deposition handling of the coated material. This holistic view of the vacuum coating process provides a description of the common sources of defects and includes the possible methods of limiting these defects. This enables readers to decide where their development efforts and money can best be used to improve the barrier performance of their own process or materials. Roll-to-Roll Vacuum Deposition of Barrier Coatings: \* Specifies the benefits and problems of producing vacuum deposited barrier coatings \* Explains why products designed by system operators might vary and how...
