paperback. Book Condition: New. Ship out in 2 business day, And Fast shipping, Free Tracking number will be provided after the shipment. Pages Number: 253 Publisher: China Building Materials Industry Pub. Date :2011-08-01 version 1. Read engineering drawings quickly with fast learning series: ventilation and air conditioning engineering drawings with fast read fast learning by Jiang Linjun editor. According to the latest ventilation and air conditioning standards for the preparation of engineering drawings detailing the construction of ventilation and air conditioning engineering drawing and reading-related knowledge and skills. The book mainly include projection-based. ventilation and air conditioning construction drawing. construction drawings read. ventilation and air conditioning ducts read construction plans. ventilation and air conditioning engineering drawings read. launched under the ventilation ducts and other materials. Construction plans with fast read fast learning series: ventilation and air conditioning engineering drawings quickly learn fast read with both for ventilation and air conditioning engineering design. construction. supervision and other related technical management personnel. are also available for the majority of those who want to engage in air construction and installation of air conditioning engineering staff learning the basics of engineering construction plans and related reading skills reference. Contents: The first chapter the basic principles of orthographic projection-based Section A projection of the formation of two. three basic rules of orthographic projection. projection on three sides of the object size. orientation relationship between the second node. line and surface projection of one point of projection Second. the straight line projection of three. four projection plane. line and plane. intersection of the third quarter plane and plane projection of a basic body. the body of the projection plane two-dimensional plane and the plane intersecting three. four panoramic projection. plane and body surfaces intersect Chapter ventilation and air conditioning engineering section outlines a construction drawing. the basic...
