The Veterans Health Care Budget Reform and Transparency Act of 2009 requires GAO to report whether the amounts for the Department of Veterans Affairs (VA) health care services in the Presidents budget request are consistent with VAs budget estimates as projected by the Enrollee Health Care Projection Model (EHCPM) and other methodologies. Based on the information VA provided, this report describes (1) the key changes VA identified that were made to its budget estimate to develop the Presidents budget request for fiscal years 2012 and 2013 and (2) how various sources of funding for VA health care and other factors informed the Presidents budget request for fiscal years 2012 and 2013. GAO reviewed documents describing VAs estimates projected by the EHCPM and changes made to VAs budget estimate that affect all services, including estimates developed using other methodologies. GAO also reviewed the Presidents budget request, VAs congressional budget justification, and interviewed VA officials and staff from the Office of Management and Budget (OMB). This item ships from La Vergne, TN. Paperback.
