Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.The bold, powerful retelling of a classic tale from The Twilight Zone. Clinging to a desolate asteroid in the corner of a distant solar system is a small research facility, a lonely outpost of the autocratic Center Planet and home to only two beings: a human and an android. The close proximity of their work stimulates a myriad of new and passionate emotions between the two, and with the blossoming of an undeniable magnetism there quickly grows a fragile and dangerous attraction. As they traverse the nebulae of heart, mind, and soul, the pressures of infatuation, intrigue, protocol, and desire push to a breaking point. And nothing escapes The Center's watch. Gallagher beautifully and masterfully explores what it means to have a soul and to be human. A true work of art. - Nyle Ajina, Editor.
